The most humane way to improve the lives of stray and feral cats in your community

A MESSAGE FROM *Our President*

Dear friends,

We're grateful that people like you understand that community cats need our help. Kittens can become pregnant as early as four months old, and both cats and kittens can have up to five litters per year. That's why Trap-Neuter-Vaccinate-Return (TNVR) is the most humane way to improve the lives of feral and stray cats in Seminole County. **Thank you for being part of the solution.**

As you will see, 2024 has been a year of remarkable growth and success for Seminole County TNVR (SCTNVR) thanks to people like you! We've served a record number of cats and kittens, and the number of SCTNVR volunteers has jumped from 15 to 27 to meet increasing demand for our services. In 2024, three new Trappers, four new Transport Helpers, and four new Kitten Foster Parents joined our ranks. Being a 100% volunteer-run organization, we cannot do this work without such dedicated volunteers. It takes a village!

Sincerely yours,
Andrea Hubbs

SCTNVR!

Congratulations to our volunteers, clients, and rescue partners that helped us earn **Best Friends Animal Society Social Action Champion Advocacy Award** for our involvement in the Change-Save Seminole campaign to reduce the number of homeless animals euthanized. We are proud to be a network partner of this national organization known for its innovation and tangible results across the United States. Of course, the real winners are our furry friends!

SCTNVR IS NOW A MEMBER OF ALLEY CAT ALLIES'S FERAL FRIENDS NETWORK®!

Alley Cat Allies is the world's leading cat advocacy organization. Now, people needing help with "community cats" can find us through the Alley Cat website (www.alleycat.org).

This is just one more example of our work and collaboration to champion the humane treatment of all cats and kittens.

A HELPFUL TIP FROM OUR PARTNER

Please do not feed community cats unless you're willing to get them fixed. Doing so only increases the number of feral cats in the neighborhood. If you're already feeding community cats but can't get them fixed, do not take away their food source. Instead, contact your county's animal services or SCTNVR for help.

GET INVOLVED!

Seminole County TNVR is a 501(c)(3) nonprofit that works to rescue cats throughout Seminole County. When you **make a tax-deductible donation**, you directly impact the health and wellness of our community cats while improving the living standards of each community.

You can donate on our website at seminolecountytivr.org/donate or by check. Please make checks payable to "Seminole County TNVR" and mail to Seminole County TNVR, 411 Ipswich Street, Altamonte Springs, FL, 32701.

If you'd like to **volunteer with us**, please email seminolecotnvr@gmail.com or call 321-926-1704.

We earned CANDID'S GUIDESTAR GOLD SEAL OF TRANSPARENCY!

Nonprofits must start by earning Bronze and make their way up to Platinum. **SCTNVR is proud to be Gold!**

More than 10 million GuideStar users can find information about our work and impact. We strive to be a transparent nonprofit, which means we are open about how we use your hard-earned donations. Donations go toward veterinary care for community cats, and our Gold GuideStar rating is proof that we're doing all we can with what we are given.

Thank you to our donors and grant funders!
